What's goin' on!

Introducing: Navigating the Challenges of Youth

Big Brothers Big Sisters is proud to be the recipient of a grant from the St. Joseph's Hospital Healthy Community Fund. The grant will allow us to provide strategies and resources to Bigs and parents supporting children with physical and mental health issues and to promote healthy lifestyles in Littles. Each month, a health topic will be covered

in the form of a presentation, group discussion, materials, or a combination. These sessions will be for Bigs and parents, not matches or children. The focus will be on how to best guide and mentor a child through many difficult issues to have the most positive impact possible.

We are kicking off the series with a presentation and discussion on the topic of "Bullying". We'll talk about different types of bullying, helping children recognize bullying in themselves or others, and positive responses. Sara Zingsheim, LPC will lead the presentation. Please join us for information, discussion, refreshments and sharing with other Bigs.
